Bachelor of Business Administration, Finance, GPA: **3.56/4.0** Aug 2022-Jun 2025
Courses - Statistics, Econometrics, Business Analytics, Business Mathematics, Financial Modelling
CBSE Class XII: **96.2%** | Mathematics (Calculus, matrices, probability): 95/100 | Computer Science (Python, SQL): 99/100 Mar 2022

EXPERIENCE

D.E. Shaw Hyderabad, India
Research Associate Jun 2025-Present

- Automated daily tracking of news and mentions of the firm across LinkedIn, Reddit, and other sources using Python, Claude, and Cursor, delivering a daily brief to the external communications team and reducing monitoring time by **75%**, from 2 hours to 30 minutes per day, across a 6-person team.
- Developed a recurring investment analytics database and dashboard from 10+ years of DRHP data across 60+ sub-$100M companies, standardizing financial metrics to benchmark firms and screen companies by industry and profitability criteria.
- Analyzed quarterly SEC 13F filings across 40 institutional funds, structuring holdings data in Power BI to identify new and exited positions and track changes in position sizes across quarters.
- Engineered an event-driven email-to-database pipeline for shareholding disclosures, automating notification parsing, field extraction, and database updates for about 8 disclosures a week; removed manual entry errors and reduced processing time from **35 minutes to under 3 minutes** per disclosure.
- Standardized and analyzed 15 years of emerging-markets turnover data across 8 markets to compare liquidity and trading activity, creating a consistent benchmark the team now reuses to evaluate market activity over time.

Groww Bengaluru, India
Customer Analyst Intern May 2024-Jul 2024

- Diagnosed KYC delays across 5,000+ stock-trading and F&O activation queries by identifying document and verification bottlenecks, informing workflow changes that reduced activation time by **20%.**
- Identified escalation drivers from chatbot and customer-query patterns, standardized response templates and resolution steps, and reduced customer escalations by 22%.

Mensa Brands (Now BRND.ME) Bengaluru, India
Growth Analyst Intern Jun 2023-Aug 2023

- Optimized Amazon advertising using Amazon Ads and Helium 10 by adjusting bids and reallocating spend across a 60-product portfolio, doubling sales across 80% of products while reducing ad spend by **40%.**
- Analyzed **300+** competing products across 6 gardening brands using Helium 10 to identify high-search keywords competitors were underusing, informing listing optimization and new product positioning.

SKILL PROFICIENCY

- **Programming & Databases:** Python, SQL, MySQL
- **Data Analytics & Visualization**: Power BI, Tableau, Advanced Excel, Jamovi
- **Analytics:** Statistical Analysis, Regression Analysis, Time Series Analysis, Dashboard Development
- **Automation & AI:** Workflow Automation, Data Extraction, Process Optimization, Claude, Cursor.

PROJECTS

Algorithmic Fairness & Rider Performance Analysis | Python · Regression Analysis · Data Visualization Apr 2026

- Reverse-engineered rider performance scoring across 15,000 delivery records, quantifying how traffic, weather, and experience shaped scores; developed a condition-adjusted Fair Score framework to separate rider performance from circumstances and support more equitable evaluation.

Gender-Based Healthcare Expenditure Analysis | Jamovi · Regression Analysis · Statistical Analysis Feb 2025

- Analyzed gender differences in consumer healthcare expenditure using Jamovi, testing demographic, financial, and need-based drivers of spending; developed a model explaining 63.1% of expenditure variation to identify the factors most strongly associated with spending behavior across genders.

ACTIVITIES AND LEADERSHIP

Team Snappers | Associate Head | 2022-2025

- Led 30+ photography shoots across School of Business & Management events, coordinating teams, event coverage, and resource allocation; reduced expenses by 20% and improved project turnaround time by 40%.

Team Dhadak | Dance Coordinator | 2022-2025

- Led a 12-member inter-college dance team across 7+ performances, redesigning auditions, team selection, and resource planning to increase participation by 60% and reduce event costs by 30%.

Drishti Art Centre | Bharatanatyam | 2009-Present

- Completed **15+** years of formal Bharatanatyam (Indian classical dance) training under Ms. Anuradha Vikranth, earning the Vidwat degree, state-board proficiency certification in Karnataka, India.

Youth for Parivarthan | Community Volunteer | 2023

- Volunteered **250+ hours** across 15 Bengaluru neighbourhoods through public-space restoration, wall-art projects, educational outreach, and distribution of 600+ meals to underserved communities.
